Act 6 Paulman and Students

Leave at once!

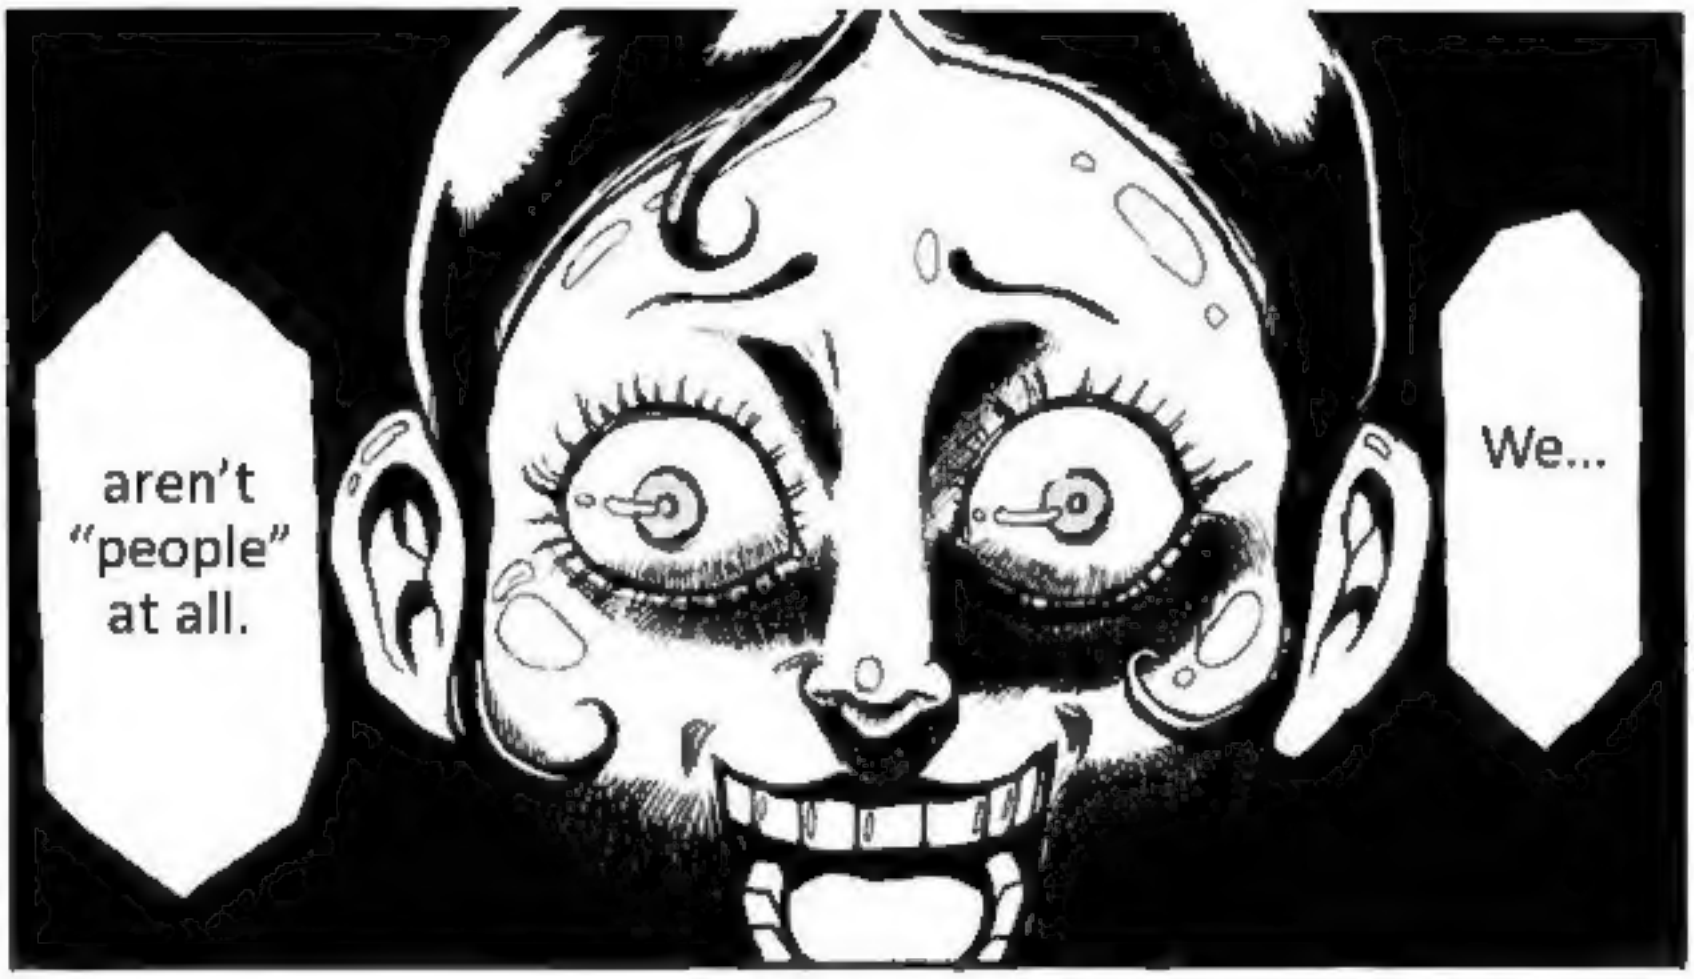
It's off limits to ordinary people.

This is a special govern-ment facility!

Hih hih hih, let's tell him, Paul-man.

An-zel-mas.

He thinks we're "ordinary people",



Act 6

Paulman-sensei and Students

Although this is free time, all our friends in the corridors and inner yard, please return to your rooms.
Announce-ment.

There's nothing to be worried about. Everything is fine, so let's go about our business.
Please listen to what the nurses say.

Up till now, they've been entertaining themselves playing Mafia in Chicago,

but now it seems they've caught wind of our activities.

Yes, America's most active Automata.

Paulman-sensei, Anzelmas, and their students.

George, there are Automata here?

Ha ha ha ...

No way! There are troops here, right!?

They've come to suck the blood of the humans in this facility.

It's time they added some human blood into their pseudo-body fluids.

Incidentally, there's the honor of defeating me and the famous Guy of Europe...

Human troops will be ineffective.

Why do you think there are shirogane, Narumi?

What're you laughing at!?

W...

what's happen-ing?

death.

Your ...

ﾊﾟﾘﾘﾘ

Th-
they're
faster
than we
thought!

ﾀｰﾝ

Indeed, Anzelmas. Humans depend too much on weapons.

That is why we easily exceed humanity.

They still can't believe the speed with which we move~

Keh keh keh keh, what foolish, crap humans!

It doesn't matter what weapons you have...

ヴァラ ラ ラ ラ

Damned puppets, see if you're faster...

Than missiles!

Kyah!
Uw aa ah!

It's all right. I'm with you!
Narumi, I'm scared!!
Every-one, get down!

W-what's wrong?

Shit~!

Their stress is too high!

Dammit, a Zonapha attack!!

Beth!!

N-Narumi... it hurts ...

All the others to the central ward! Prevent an attack chain reaction!

Take all the affected ones for special treatment!

Get a stretcher!

Yes-sir!

タッタッタッ

I... I can't let this happen...

Hurry!

It's this fear! There are going to be a lot of dead bodies...

Every-
body,

I'll take
you
to the
treatment
ward!!

We're heading out.

We don't need you to tell us, Narumi.

Hurry up and do some-thing!!

George! Guy!

Narumi, you've been a complete dis-appoint-ment.

And yet, even in the face of the enemy, the children are your priority, hm?

I only want to help the children.

Fighting is your speciality.

And so, you still cling to your "humanity".

In the end, the Aqua Vitae will tame you into a shirogane.

Unable to understand this, you are a true fool, swept up in the humanism before your eyes.

Shirogane save humanity from these demonic puppets, like super-humans chosen by God.

"Tame me... into a shiro-gane"?

Shirogane are strong. Shirogane never get sick. Our wounds are quickly healed.

Well, you go take the children.

You think it's foolish to want to stay with the children?

Human

And I.. will protect you

Kuh ..

.....

Direct hit on enemy Auto-mata with the rockets

They're moving !?

The rest should be a mop up oper

w- what the-!?

After a 70-milimeter rocket!?

HQ! The rockets had no effect!!

Dam-mit!

13
Th-
they're
flying up
here!?

Uw aa ah!!

14

We have this institute sur-rounded.

Know that any resist-ence will be futile.

Listen up, humans!

We will attack the shirogane from the front, pluck off their heads,

and offer them up before our beloved Francine.

Come out.

There are puppet-slayers in there.

Oh, Paulman, it looks like they're willing to face us.

If the shirogane don't come out, we will enter the building,

and suck the blood from every single one of the sick people you're protecting.

Just because they managed to bring down a heli-copter.

Accursed puppets, they're over confident.

Good.

Very

This clashes with your usual preference for efficiency,

Guy.

A moment. Could you try doing it yourself?

I'd like to see your fighting technique.

Well, let's destroy them.

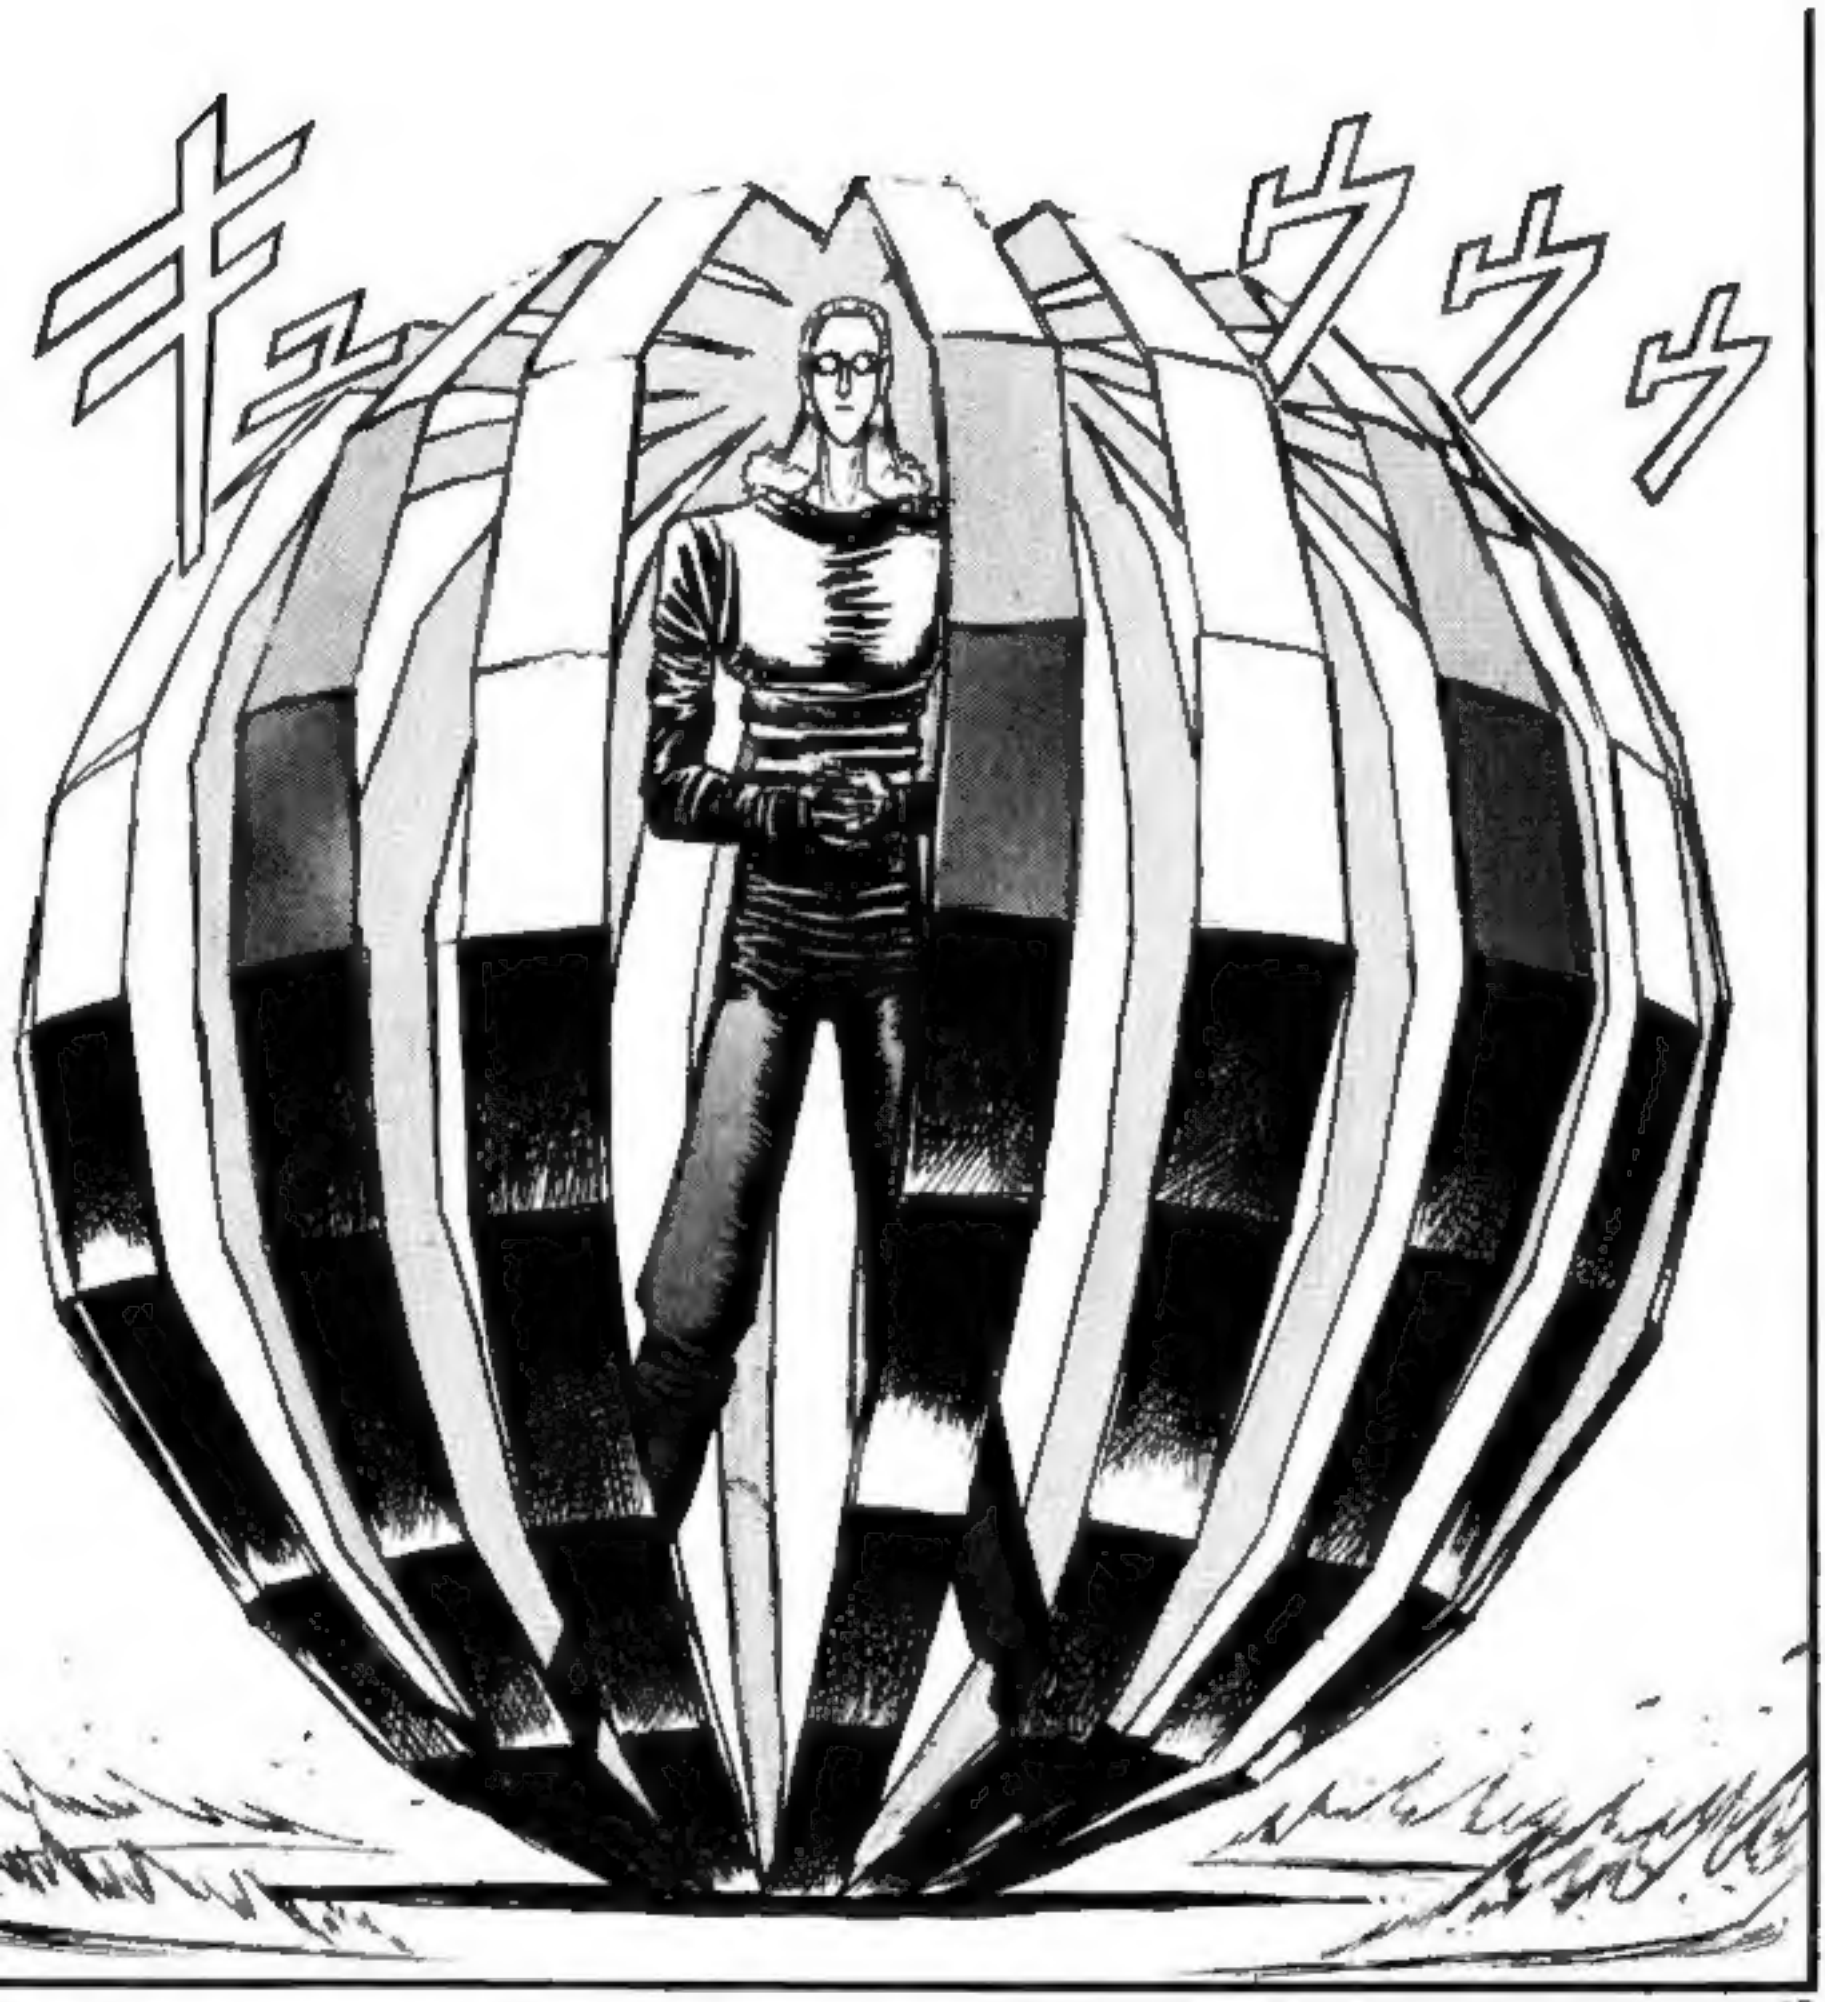
ドラ ピ ヒロイン

Fine then.

Hm.

Somehow... I just don't particularly like you.



キュウ

Let's go,
Automata.

God!
Isn't this enough !?

God!!
Beth, hang in there! Beth!!

Haven't enough children come to you?

Please... don't take any-more!!
